

COMPANY Name (use Company letterhead)
LETTER MUST BE AN ORIGINAL

Date

USDA/APHIS
TO WHOM IT MAY CONCERN:

PERMIT NUMBER: _____ EXP DATE: _____

The enclosed samples of chicken origin have been processed according to specifications indicated in USDA/APHIS import permit specified above, which accompanies these samples.

1. Poultry (avian) Diagnostic Samples (treated): The materials are derived only from domestic poultry not clinically suspected of infection with avian influenza or Newcastle Disease. They originate from the country of export.
2. The exported material was not exposed to or comingled with any other animal origin material.

Check only samples that apply to this shipment:

Formalin fixed tissues: Tissues were fixed in formalin for 72 hours

Serum:

All samples have been inactivated by heating to 60°C for 30 minutes

FTA Cards:

Tissue samples were collected on FTA paper that contains only liquid or tissue imprint and no excess tissue.

Bacterial Cultures:

All samples have been subcultured at least 4 times since initial isolation, and cultured and shipped only in a chemically defined medium without any animal derived nutrient factors/supplements (such as fetal bovine serum, albumin, insulin or other "growth factors").

All samples are addressed to:

Receiving Department, Georgia Poultry Lab Network, 3235 Abit Massey Road,
Gainesville, GA 30507, USA
