

# THE CHICK PAPERS

Georgia Poultry Laboratory Network's Monthly Newsletter

We wish you all the big fish you can catch, all the best tee times you can play, and all the fun travel you could ever want in your retirement.

**ABOVE:** Sara Scroggs was one of our summer interns this June. We've enjoyed having Sara intern with us to learn a bit more about the lab and how it functions within the industry.

Lois Dilliard decided to bring her brother, newly retired Juan Battleman, to tour the lab after she first toured the lab with her retirement community a couple years ago.

**LEFT:** Len Chappell led a tour for UGA's Small Business Development team.

**BELOW:** We've so enjoyed having a couple interns this summer. Pictured with our favorite chicken statue is Abby Wilcox.

**HAPPY  
INDEPENDENCE  
DAY!**
